School Selection and Interview

Find out more from your consultant about some of our client schools and arrange interviews with those that appeal to you

Term 2

While continuing to work as a Teaching Assistant you can make a start on your online training, where you will begin to upload your work based evidence as you complete each module

Term 1

Working as a Teaching Assistant is a fantastic way for you to get to know the school environment, the pupils and of course, your new colleagues

Term 3

Take responsibility for some lesson planning and the teaching of small groups of students. Continue your online training, uploading evidence and liaising with your school mentor

Term 4

Start to teach 20% of lessons and have more involvement in lesson planning.
Upload video evidence of your teaching and continue working through the modules

Term 6

Plan and teach 80% of lessons.

Continue to upload video evidence of your teaching which is assessed by your school mentor

Term 5

Plan and teach 50% of lessons.

Continue to upload video evidence of your teaching which is assessed by your school mentor

QTS
